Susan Purney Mark

My personal art speaks about my feelings, thoughts and inspirations. They are an important part of who I am and are, as a consequence, continually evolving and growing. I feel that I need art as much as I need to breathe, I see art in every part of my world, and wish to absorb art through every sense I possess. Since taking my first quilting class over 20 years ago, quilting has been a very important part of my life. My studies have included intensive design courses in England and Canada, as well as quilting techniques, history, fibre and dyeing workshops. I encourage quilters, both newcomers and the more experienced, to enjoy the process, to gather as much knowledge as possible and to challenge themselves with new techniques and processes.

Color, texture, line and shape are the elements we use in our art, whether it is fibre, wood, metal or paint. The same is true when we use different techniques to apply design to our fabrics and fibre. Learn how dyeing, stamping, printing, batik and more can be combined to produce sumptuous layers of excitement for our quilts and clothing. Susan will also include a special *Inside the Studio: a quick peek into artist working spaces!*

If you would like to have dinner with Susan and Gail Mikuchonis, 5 p.m. at Mrs. Turner's Restaurant (701 E. Main, Puyallup), please call Gail at 25-405-8096.

It Was Voted:

June 8, 2010 minutes were approved as written.
