

Puyallup Valley Quilter's May Block of the Month

I enjoy house quilts and paper piecing. This was a fun house-not quite a normal looking quilted house. I don't even remember where I first saw this but it was inspiring. And so here we go. Maybe this could be a symbol of your crazy and fun house.

Pick 5 fabrics: sky 2, 3, 4, f, D

roof 1

house b, c, d, e, A, C

window a

door B

Paper piece each section in order putting the house together and then adding the roof. I prefer to sew the 5 1/2 inch square with the paper on and then to begin removing the paper. Will you make more than one? Have fun.
