Join orange A with neutral(not blue) A to make a pieced square. Make 6 A/A squares. Take one of the pieced A/A squares and sew 2 blue A's to adjacent sides making a triangle. Then sew brown C to make center block. Sew 2 pieced A/A square's in a vertical row and join to the left side of the center block. Sew 3 pieced A/A squares in a horizontal row and join to the top of the block. Sew Brown A's to the ends of the beige B's, positioning them as shown in key. Join the pieced units accordingly to the key. Finish the Harvest Basket block by sewing the Beige C to the corner.

Unfinished Basket Block is 12 1/2 "square to be finished size of 12 "square.

Please bring finished block to the Nov 5, 2008 Puyallup Valley Quilter's Meeting.
