Create your own Baltimore Album quilt without the turned-under edges of traditional appliqué. This 20" block design starts with a 25 patch-pieced background. The design fabric pieces are then adhered to the background using Roxanne Glue-Baste-It and spray stabilizer is applied to the fabric before stitching. Completion of the quilt top will be discussed but not worked on in class.

Step out of the box and learn about yourself and how you can put ideas and things you had not thought of before into a quilt to leave a lasting impression about who you are and what is important to you. These quilts become legacy pieces that can tell others imaginative, fun and creative things. It might even surprise you to see how wonderful a self portrait of YOU can be.

Lots of smiles, easy going fun and friendships made in class.
